This certificate prequalifies the named company to bid. It is not a statement of the Contractor's capacity to perform a specific project. That responsibility lies with the awarding authority.

Company Licenses/Registrations: It is the Contractor's responsibility to update their license information by editing their electronic application. Licenses are confirmed by the Department of Administrative Services (DAS) at the time of initial application and at each renewal.

For information regarding the DAS Contractor Prequalification Program visit <http://portal.ct.gov/dasprequal> or call (860) 713-5280.

Classification Name	Description
DEMOLITION	Work customarily performed by a building wrecking contractor including the razing of buildings or parts of buildings major guttering of buildings or removal of structural elements of a building. The removal of partitions, flooring, windows, etc., incidental to a renovation or remodeling project is NOT within this category.To prequalify for Demolition, you must have a Demolition Contractor Certificate of Registration through the State of Connecticut Department of Administrative Services - Office of the State Fire Marshal.
GENERAL BUILDING CONSTRUCTION (GROUP B)	The undertaking of general contracts for the construction of buildings i.e. new construction, renovation, rehabilitation, alteration, addition, etc. The contract must include a variety of construction practices and supervision of a minimum of three sub-trades. Includes most of the structures that normally house State functions. These all require normal mechanical/electrical systems for today's standards of operation for quality space, security and environmental comfort. Examples include office buildings, general classroom and administrative offices, college buildings, auditoriums and maintenance buildings.Note: If you are prequalified for General Building Construction under Group B, you are automatically prequalified for Group A. Also If you are prequalified for General Building Group B you will automatically be prequalified for General Trades.Note: For the purposes of DAS Construction Contractor Prequalification, contractors in this classification are not required to be registered as a major contractor with the Department of Consumer Protection. However, there may be specific projects within this classification that require a major contractor registration from the Department of Consumer Protection.Projects that are threshold buildings may require a Major Contractor Registration.
SEWER AND WATER LINES	The construction, rehabilitation and/or reconstruction of waterlines, sewer lines and ancillary works, including well drilling.
SITework	Work customarily performed by this industry, including earthwork activities (excluding tunneling and mining, special foundations and load bearing elements); utility systems including installation of drainage systems; exterior improvements (excluding plantings) including horizontal paving work not requiring mortar; site preparation and site remediation.

This certificate prequalifies the named company to bid. It is not a statement of the Contractor's capacity to perform a specific project. That responsibility lies with the awarding authority.
